

EZMORE'S CRYSTALS

CONTEST RULES

1. Eligibility

To be eligible to enter the Ezmore's Crystals Contest, the participant must have previously participated in one of the MediaFineArts Spring or Summer camp. Proof of participation may be required. The camp participant may be aided by parents and siblings but the primary player needs to be a previous MediaFineArts camp participant.

2. Contest Period

The contest will continue until all Lego Sets have been claimed. Upon completion, [Ezmore's Crystals website](#) will be used to announce winners and the end of the contest.

3. Contest Rules

Finish the game and contact us before others do! There are 3 difficulty settings – Peasant, Knight, Lord. Finish the game on any of these difficulties and snap a shot of the Main Menu after winning the game. The Main Menu will change based on the difficulty you finished. Take a picture (Screen Shot or snap a picture with your phone) of the Main Menu and send it to mike@mediafinearts.com. There is a one prize per family home so choose wisely. Do you want to claim one of the smaller prizes or do you want to risk it and go for something bigger!? The quest is yours. 😊 The contest remains open until all prizes are claimed. There is no cost to enter the contest.

4. Prizes

Prizes are based on the difficulty completed. The harder the difficulty, the bigger the prize! There are 7 minifigure packs (series varies) for winning on Peasant, 5 Medieval Accessory Packs for winning on Knight and 1 Collector's Lego Gatehouse Raid Set 70402 winning on Lord difficulty; this set is now retired so it's a vintage collector's item from the classic Castles series.

5. Social Media

Contest winners will be posted to the [Ezmore's Crystals website](#) and updated regularly. If you would prefer to not have your full name posted, please indicate that preference when you submit your proof of completion (picture of the main menu).
